

BELGRAVE GARDEN MEWS

LegatOwen
RESIDENTIAL

Phase two of the prestigious Belgrave Garden Mews development offers 10 detached properties.

Just a stone's throw from Chester, residents will benefit from the very best of country living while being conveniently located near the city's amenities and beautifully rich heritage.

A collaboration of two of the region's most celebrated award-winning developers, Lister Carter and Country Barns and Homes, this collection of beautiful, bespoke homes is unlike anything else within the area. Each has been individually designed with the modern homeowner in mind and promises light filled, spacious interiors to meet the exacting standards of even the most discerning home buyers.

Each home has been meticulously designed to exceed expectations. Expansive windows invite natural light to

illuminate the open-plan living spaces, creating an ambiance of comfort and serenity and showcasing the panoramic views across beautiful open countryside.

Accessed via a private road, these bespoke homes all have an open aspect with views over the surrounding landscape and are set within landscaped courtyards and around a feature pond. This creates a community feel whilst providing residents with great sense of space.

A tranquil haven of generously proportioned homes nestled within the stunning protected countryside, Belgrave Garden Mews strikes a perfect balance between the privacy you would expect from rural living and the buzz of a suburban community.

IN DETAIL

The core focus has been to provide a truly superior specification. This can be observed in every aspect of these homes. Drawing upon years of experience and relationships with the region's leading providers of luxury products, the developers have worked to ensure that residents will enjoy an exceptional style of living.

Architects RADM and designers Lister Carter have handpicked a palette of external materials to ensure the homes complement their picturesque surroundings – appearing timeless and with minimum upkeep to remain immaculate.

Traditional country charm has been achieved through the selection of bespoke wood grained aluminium windows and doors, handmade solid oak porches, natural stone paving and landscaping in keeping with the rural location.

Security is paramount and the addition of external security lighting and Ring™ video entry devices will keep homes safe and secure.

Internally, buyers can expect the highest quality and specification throughout. Joinery details include oak veneered doors, handcrafted woodwork throughout and traditional oak and painted staircases. The homes are warmed throughout by the latest generation energy efficient underfloor heating. The rare luxury of underfloor heating in bedrooms removes the need for unsightly radiators and offers additional wall space. There is also the option to add a multi fuel log burner and surround to the main living room for those who favour cosy

nights in around a traditional fire. Careful attention has been paid to electrics, with cabling and connections to suit smart living and lighting that is prewired for control by master switching, including table and floor lamps. This enables residents to create mood lighting for the perfect atmosphere.

Emphasis is placed on open-plan living, bringing together cooking, dining, relaxation and outdoor entertaining while maintaining distinct living spaces to retreat to – offering an environment to suit everyone's lifestyle.

Each kitchen is truly bespoke – designed and manufactured to suit the aesthetic of the individual home. The handmade, shaker-style cabinetry is formed of sustainable materials beautifully matches the stone worktops, upstands and splash backs. Traditional yet contemporary, the kitchens are all fitted with leading brand appliances to meet the functional requirements of the modern family.

Luxury bathrooms have been designed with clean lines and elegant finishes creating a calm space using the latest designed sanitary fittings and tiles. Master and family bathrooms incorporate large vanity units, walk-in showers and many feature large bathtubs. Guest bathrooms include ceramic semi-pedestal basins and walk-in showers or showers over a bath.

No attention to detail has been missed in the collection of quality, custom designed homes throughout the development.

LOCATION

Prestigiously located close to the Duke of Westminster's Eaton Hall estate and 5 miles from Chester, the location of Belgrave Garden Mews effortlessly combines rural charm with modern convenience.

In the village Pulford and neighbouring village of Rossett you will find a range of community amenities presenting an ideal setting for families and professionals alike. The village is home to welcoming pubs including The Grosvenor Arms at Pulford, which also includes a spa and is within close walking distance from Belgrave Garden Mews.

The city of Chester offers a more comprehensive range of services with an array of coffee shops, restaurants, wine bars, High Street shops and boutiques, all set against the backdrop of Chester's charming and iconic black and white architecture. This is complemented by and out of town retail parks including Broughton Park and Cheshire Oaks.

For those who appreciate the great outdoors, the surrounding countryside provides stunning walking and cycling routes allowing you to soak in the natural beauty of the area. There are a range of recreational facilities including football, rugby, cricket and tennis clubs in Chester, several golf courses locally and Chester rowing and sailing club on the River Dee.

Schooling in the area is well provided and independent schools including King's School, The Queen's School and Abbeygate College. The development also has excellent access to the motorway network and is within easy commuting distance to Liverpool and Manchester.

Chester is well connected for rail travel. The main Chester station is just a 15-minute drive away from Belgrave Garden Mews. There is a direct rail link to London Euston taking just over 2 hours, Manchester city centre is just over an hour by train and Liverpool can be reached in just over 40 minutes. Chester business Park is within handy commuting distance.

This idyllic location offers residents a serene escape while remaining close to vibrant city amenities.
